

Sentinel - Enterprise pricing sheet

Issued by HEVOCORE LIMITED (trading as HevoCore)

Custom / enterprise commercial software licenses

1. Product

Sentinel is commercial desktop software for Windows, macOS, and Linux. It is sold as prepaid digital licenses (not a hosted subscription). Customers download the application, then activate a license key for the purchased seats and term. Typical workflows include live public-meeting monitoring, calendars, archive search, daily briefings, and pre-RFP opportunity signals for government and public-sector teams. Sentinel is not a general-purpose chatbot and does not answer unconstrained questions outside licensed records.

2. Published self-serve prices

Starter, Professional, and Business are sold self-serve. List rates (USD per seat per month, billed prepaid for whole years):

- Starter: \$500 / seat / month (\$6,000 per seat per year)
- Professional: \$1,000 / seat / month (\$12,000 per seat per year)
- Business: \$2,000 / seat / month (\$24,000 per seat per year)

3. Enterprise (custom quote)

Enterprise is an annual agreement quoted for the organization. It includes everything in Business, plus:

- Single sign-on (SSO)
- Air-gapped / isolated deployment options
- Custom integrations
- Custom API limits
- Dedicated support

Enterprise fees are scoped to seats, term, deployment model, and integrations. There is no public list price. Business list rate above is the published reference point; Enterprise is quoted at or above that scope. A written quote is issued before any invoice.

4. What is delivered

- License key(s) and seat activations for the agreed term
- Desktop application installers (Windows, macOS, Linux)
- Access to licensed product features for the purchased tier
- Support at the level of the purchased plan

5. How to request a quote

Email sentinelbyhc@gmail.com with organization name, approximate seats, and any SSO / air-gap / integration requirements. You may also start from <https://www.sentinelbyhc.com/pricing> (Enterprise card) or <https://www.sentinelbyhc.com/purchase/request>.
